

ABAC Pro Piston Oil

Ensure Optimal Operations with Our Tailored ABAC Pro Piston Oil

ABAC Pro Piston Oil is the ideal choice for both DIY and professional piston compressor users. Our experts have used their ABAC expertise and quality standards to develop an oil that is perfectly tailor-made for ABAC's piston compressors.

This advanced motor oil not only meets, but even surpasses, our stringent specifications. It has been developed to guarantee optimal performance over time, ensuring your ABAC compressor maintains its dependability and efficiency throughout its lifespan.

With ABAC Pro Piston Oil, you can count on your piston compressor to perform its best under all circumstances. Get premium protection with trustworthy performance from ABAC Pro Piston Oil – it's the perfect choice for optimal piston compressor operation.

Focus on Quality and Convenience

- Experience unparalleled performance and uptime with the superb ABAC Pro Piston Oil, crafted to meet the highest quality standards.
- Why juggle multiple suppliers when you can enjoy the ease and effectiveness of a one-stop solution for all your maintenance needs?
- Explore the exceptional offerings of ABAC and Original Parts through our reliable distribution network and specialist e-commerce platforms. Trust in the expertise of the best in the business, your satisfaction is our priority.

Properties	Features	Benefits
Low pour point	Cold start / low temperature usage	Improved start up in cold environments.
High flash point	Safe usage in standard conditions	Safe usage in standard conditions with normal discharge pressure.
High VI	High viscosity index for optimal efficiency	High performance due to optimal viscosity selection and superior temperature – viscosity behavior.
Excellent detergency	Improved additive package to avoid deposit formation without excessive foaming	Optimal deposit control to secure oil lifetime and part lifetime, and to optimize your performance.
Good water separability	Base oil and additive package	Low risk for the creation of emulsions to secure the optimal machine performance.

ABAC Pro Piston Oil

Characteristics

Performance parameter	Method	Unit	Value
Lubricant type	-	-	Mineral
Viscosity classification – ISO VG	ISO 3448	ISO VG	100
TAN (Total Acid Number)	ASTM D 664	mg KOH/g	2,7
Kinematic viscosity (40°C)	ASTM D 445	mm ² /s	110
Viscosity Index	ASTM D 2270	-	137
Density at 15°C	ISO 3675	kg/dm ³	0,89
Pour point	ASTM D 97	°C	-39
Flash point	ASTM D 92	°C	230

These characteristics are typical of current production. Whilst future production will conform to variations in these characteristics may occur.
Complies with ISO 6743-3 classification ISO-L-DAA and DIN 51 506 VDL.

Oil ID Card

Name	ABAC Pro
Oil type	Mineral based lubricant
Equipment	Piston compressors (Aluminum)
Ambient temperature	Best performance between 0°C to 30°C
Volumes available	1L - 2236116963
